A Sound Investment - Safe & Reliable

Tested for Safety - All Graysen Woods Pads are tested to UL safety standards for ember protection under listed hearth appliances to ensure you have a safe and approved installation.

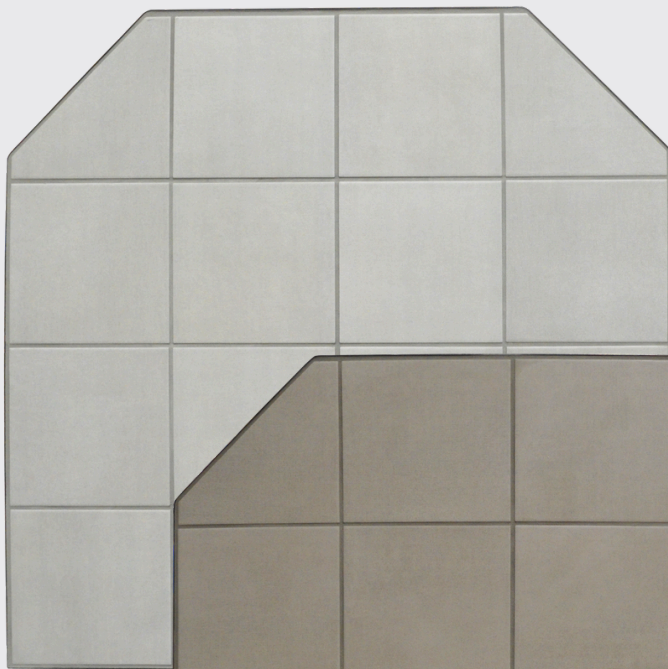

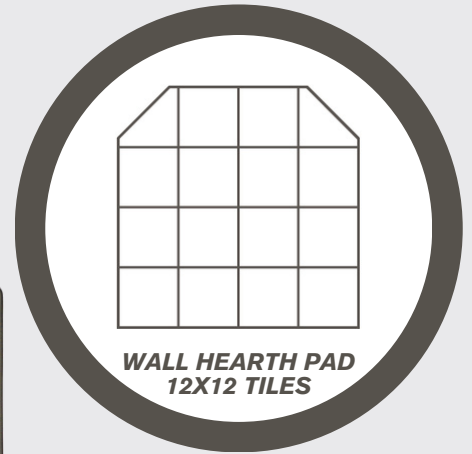

Save Your Carpet - Graysen Pads are approved to put directly on carpet, no other backing is required. No, you don't need to cut a hole in the carpet to use a Graysen Hearth Pad!

Quality is Always First - Whether custom sized or standard, all Graysen Hearth Pads are made with the highest quality tiles to ensure a lifetime of durability and beauty.

A Strong Foundation - High Tensile strength polymer mortar and grout combined with superior density backing board provide the foundation for Graysen's superior design.

The Graysen Woods Guarantee

Graysen Woods Hearth Pads come with a seven (7) year warranty against defects in material or workmanship to the original purchaser. Under this warranty Graysen Woods will provide materials for repair or replacement of the covered hearth pad. This warranty does not cover paint, damage due to misuse, abuse or damage from shipping and handling. Retain your original receipt for proof of purchase. All warranty claims will be handled by the original selling dealer and limited to the repair or replacement of the Hearth Pad. This warranty does not cover travel, shipping or labor cost. In the event that a replacement is necessary and the exact tile is no longer offered, Graysen Woods reserves the right to replace the pad with the closest color currently offered by Graysen Woods.
