

New Vented Price List Format Structure

In order to simplify the ordering process of our Real Fyre products, we have updated the format structure of our price list. There are three series of products - **Premier, Signature, & Contemporary** - each of them grouped with a burner system and its compatible gas log sets or contemporary options. The **Premier Series** highlights our state of the art burner systems with premium features as well as our most coveted gas log sets. The **Signature Series** features our “work horses”, burner systems and gas log sets that have stood the test of time and have been part of the Real Fyre family for years. The **Contemporary Series** is self explanatory, ideal for customers that want to complement any modern decor. The remaining portion of the price list stays mostly unchanged, although it still benefits from the new look.
